

UNIVERSITY OF CONNECTICUT MBA SUSTAINABILITY CASE COMPETITION

THURSDAY, APRIL 11 — FRIDAY, APRIL 12, 2019
UConn SCHOOL OF BUSINESS, 100 CONSTITUTION PLAZA, HARTFORD, CT
\$160 REGISTRATION FEE PER TEAM

Net Impact empowers a new generation to drive social and environmental change throughout their careers. Founded in 2016, the University of Connecticut Graduate Net Impact Chapter's goal is to meet the needs of graduate students who want to become effective change agents in the business world.

To this end, we will present an MBA Case Competition together with our Platinum Sponsor, **Cigna**, a global health services company, at UConn's Graduate Business Learning Center in downtown Hartford, CT, from April 11-12, 2019. The theme of the two-day competition is Sustainability in Healthcare Supply Chain.

Twelve pre-selected graduate business teams from the U.S. and abroad will have one week to analyze a sustainability-themed business case and one day to finalize and present it to a panel of judges drawn from top regional corporations and business schools. Teams will compete for a total of \$5,000 in prizes.

1ST PLACE: \$2,500 2ND PLACE: \$1,500 3RD PLACE: \$1,000
